

WHITE CRANE KUNG FU STUDIO

Thank you for being part of the success! GUMBO South 2004 was truly a success because of you. The athletes are the reason we volunteer, but the volunteers are the reason the athletes are given that chance. You make a difference and your efforts are sincerely appreciated. As GUMBO South meet director, I worry each year about the operation of the track meet. I have a very dedicated and hard working advisory committee, but I know we cannot run the meet alone. Once again you have provided the support needed to make it work. I would like to extend my gratitude to each volunteer for making that commitment and I hope that in the future you continue to be a part of GUMBO. Thanks again for your efforts!!!

Sincerely,
Christy Little; GUMBO South Meet Director
